DECLARES NYE HAS MONOPOLY ON VARIOUS OFFICES

GOLDFIELD THREATENS TO PROSECUTE FOR VIOLATING ANTI-TRUST ACT

George A. Cole, assemblyman-elect from Nye county, who has been mentioned as the logical candidate for speaker of the house, will have opposition for that position. The strong opposition is from the camp of Thomas A. Brandon of Humboldt, who has had previous experience in the legislature.

The Goldfield Tribune threatens to bring suit against Nye county for violation of the Sherman anti-trust act if Cole is selected as speaker.

This paper calls attention to the fact that this county has contributed many men to public office, and at the same time acknowledges that Cole is the logical and best fitted candidate for the proffered honors. The following excerpt is taken from the Tribune:

Among the references in the Tribune of Tuesday to the candidacy of George Cole of Manhattan for the speakership of the assembly, a member of the Democratic majority suggests that while Cole will probably develop some strength, particularly among the more radical members, yet he can never hope to be a speaker for the reason that Nye county already has a monopoly on public office which, were it not a purely state affair, would be subject to prosecution under the Sherman anti-trust act. And then the local statesman wrote out a list as follows:

Governor.
Lieutenant governor.
President pro-tempore of the senate.
United States senator (if Pittman is elected).
Representative in congress (if Tallman is elected).
Attorney general.
Several minor officials.

"I haven't a vote this time," said the political prophet, "and if I had, I might vote for Cole, for he is a neighbor to Esmeralda, but if anybody thinks the other candidates are not going to invite attention to this condition he has another think coming."

EARLY HOURS NOT POPULAR ON STOCK EXCHANGE

ENTIRE MATTER BEING THRESHED OUT AND ANOTHER CHANGE MAY BE MADE

The new hours at the San Francisco stock exchange are not proving very popular, judging from the following from the Bulletin:

"Only five southern Nevada stocks and seven of the call and only in small amounts. Prices for the former were to a large extent nominal in the absence of orders that could be executed, but a heavier tone prevailed. The north and Comstock stocks opened quite steady. After the dreary call, the floor broke down into little groups and there was some vigorous discussion of the recent calling. Some of the members favored at 5 a. m. but having the Comstock call at its old time of 9:30 a. m. The floor was not open until 8 a. m. and the bulk of mining orders and orders to buy and sell over reach this city until 9 to 9:15 a. m. The trading public does not favor such an early start. The whole matter is being threshed out and probably some more changes in boardroom hours will be made."

A store that advertises must be a store of value of "barbecue"—of the something would not get.

FULL MILITARY HONORS TENDERED DAVID SERVICE

PIONEER RESIDENT OF NYE COUNTY PASSES AWAY AT LOS ANGELES

James A. Service of Millers, one of the oldest pioneers of Nye county and also of southern Nevada, came up from the mill city this morning for a brief visit with his brother, Andy Service. Both brothers have lived in Nevada since the early 60's and naturally can be termed as being real pioneers. A third brother, David Service, died in Los Angeles a short time ago. He was taken to southern California about a year ago when his health commenced to fail.

David Service was likewise a pioneer of Nevada, having emigrated to Nye county in 1866 at the close of the Civil war. At the time of his death he was 79 years of age. In the war he held a commission in the 10th regiment of the Pennsylvania reserve corps which was a part of the army of the Potomac. He participated in every battle in which the army of the Potomac was engaged and was discharged at the conclusion of the war with high honors.

The funeral was conducted with full Masonic honors by Sawtelle lodge No. 373, and also with full military honors as carried out by members of the old soldiers' home at Sawtelle. The deceased brother was respected by every man and child in Nye county with whom he was acquainted and his loss is greatly regretted by his many acquaintances. For the last 40 years he was engaged in mining in Nye and Lincoln counties.

AUTO PARTY IS STRANDED ON THE DESERT AT NIGHT

CHARLES KIRCHEN AND WIFE WALK SIX MILES TO SECURE ASSISTANCE

Charles Kirchen, superintendent of the Associated mill at Manhattan, and brother of John G. Kirchen, general manager of the Extension company of this city, set a record last night for desert walking. Accompanied by Mrs. Kirchen he walked six miles across the desert sands in about three hours and is now willing to wager that the feat cannot be duplicated in less time.

Mr. and Mrs. Kirchen left Tonopah late yesterday afternoon for Liberty, about 14 miles north of this camp. The trip was to have been made in the Kirchen machine, but at a point about six miles this side of Liberty, where a half dozen roads branch out at the same time, the wrong route was taken and the machine became stuck in the sand. Efforts to release the auto resulted in the wheels going deeper and finally it was decided to walk to Liberty.

The pair arrived at Liberty near the hour of midnight and a telephone call was sent to this city asking for relief. Otto Wise, driving Consolidated Auto company car, set out on the relief expedition and returned with the stranded tourists shortly after midnight. The auto will be rescued by a team of horses for it was found impossible to drag it from the sand with the rescuing machine.

ROOSEVELT HAS PLURALITY OF 48 IN CALIFORNIA

(By Associated Press) Nov. 15.—WISCONSIN gained eight votes in the revision of the Alameda county returns, leaving the Roosevelt plurality at 48, to which San Francisco is expected to add about 70. The final figures from Los Angeles will not be available this week.

MASSEY IS LOOSER BY 88 VOTES

TALLMAN LOSES BY 69 VOTES

SANDERS WINNER BY 32 VOTES

With a plurality of about 83 votes, Key Pittman, democratic candidate for United States senator, was assured of his election when the result of the canvass of Nye county ballots was completed this afternoon. The board of county commissioners started on the canvass at 10 o'clock this morning and about 1 o'clock completed their labors. Every precinct was counted, including the votes from Sharp, which arrived from the eastern part of the county on this morning's train, having been sent by mail.

Official returns have been made by every county. The Elko official returns were received by the Bonanza at 4:11 last night, too late for publication. Massey lost 9 while Pittman lost 17, making really a gain of 8 votes for the republican candidate. Roberts gained 3 and Tallman lost 12.

In Esmeralda county Massey gained 1 and Pittman lost 1. Roberts gained 5 and Tallman gained 6.

In Eureka county no change was made in the standing of either Massey or Pittman. Tallman lost 5.

Roberts' plurality, according to the Bonanza tally, is 89 votes.

The canvass revealed the fact that J. A. Sanders was re-elected district attorney over H. H. Atkinson by 32 votes. The outcome of this fight has been in doubt ever since the election.

The assembly fight proved somewhat of a surprise for at first it was believed that at least two and possibly three socialists were elected. The result today shows Barnes, Cole, Davis, Forman and Kellher to have been selected.

For state senator, Zeb Kendall, democrat, and M. J. Scanlan, socialist, were successful.
